

**Staffordshire County Council
General Risk Assessment Record Form**

1. **Section/Service/Team**...Tynsel Parkes CE Primary Academy. 2. **Assessor(s)**...Rachel Chandler/Emma Sandbach
2. **Description of Task/Activity/Area/Premises etc. Schools full opening Sept 2020 - Minimising the risk of transmission of COVID-19**

Useful contact information:

DFE COVID-19 - Educational advice line - 0800 046 8687

Staffordshire County Council Health and Safety Service - [01785 355777](tel:01785355777)

Public Health England - 0344 225 3560

NHS - 111

Settings are advised to report outbreaks e.g. where they have 2 or more confirmed/suspected cases within 14 days (linked to staff or pupils) to Public Health England and the Local Authority Outbreak Management Team. If they have a single case, they are also encouraged to report this to the Local Authority Outbreak Management Team for early advice and support.

Please report by emailing the council C19LocalOutbreakControl@staffordshire.gov.uk The Education and Early Years LA Outbreak control team can be contacted on C19LOC.education@staffordshire.gov.uk

Tynsel Parkes CE Primary Academy's risk assessments and procedures are accessible to all staff at all times and are located in the school office.

What are the hazards?	Who might be harmed and how?	What are you already doing? List the control measures already in place	What is the risk rating – H, M, L? See section 5	What further action, if any, is necessary, if so what action is to be taken by whom and by when?	Action Completed State the date completed and sign.	What is the risk rating now – H, M, L? See Section 5
<p>Exposure to COVID-19</p> <p>The virus is spread in minute water droplets that are expelled from the body through sneezing, coughing, talking and breathing. The virus can be transferred to the hands and from there to surfaces. It can survive on surfaces for a period after transfer (depending on such things as the surface type, its moisture content and temperature).</p>	<p>Everyone on site.</p> <p>General transmission may occur: Through close contact between colleagues, pupils and visitors and touching contaminated surfaces.</p>	<ul style="list-style-type: none"> Anyone with COVID-19 symptoms or who have someone in their household who does is informed not to attend school. Anyone developing COVID-19 symptoms during the school day is sent home and procedures followed to manage transmission risks – Child taken to designated room and wait for parents. Clean the room thoroughly after use and double bag PPE in bin for 72 hours. If pupils need to go to the bathroom while waiting to be collected, they should use a separate bathroom (where possible) which should be thoroughly cleaned and disinfected before being used by anyone else. (Bathroom to be signed as closed after use and during deep cleaning). PPE worn by staff caring for the child while they await collection, Children advised to have a test. Adults to leave the building immediately and advised to take a Covid test (their emergency contact 	<p>M</p> <p>H</p> <p>H</p> <p>M</p> <p>M</p>	<ul style="list-style-type: none"> Individual risk assessments carried out for staff and pupils at higher risk and those who exit shielding from 1st Aug. Reviewed team stress risk assessment September. Record kept for 21 days of visitors to site – ensure all visitors leave a contact number. Anyone who displays symptoms must book a test. Tests can be booked online through the NHS testing and tracing for coronavirus website, or ordered by telephone via NHS 119 for those without access to the internet. Record of staff and pupils in groups – staffing timetables available to all. Follow local health protection team advice – 	<p>Completed 16/07/2020 for all relevant staff (not aware of any children who have been shielding)</p> <p>See comment above – we are not aware of any pupils who are classed as clinically vulnerable</p> <p>Letter home 14/07/20</p> <p>Issued to staff</p>	<p>L</p> <p>L</p> <p>L</p> <p>L</p> <p>L</p>

What are the hazards?	Who might be harmed and how?	What are you already doing? List the control measures already in place	What is the risk rating – H, M, L? 	Staff and pupil. Transmission may occur when staff administer medicines or supervise pupils who self-administer.	<ul style="list-style-type: none"> Supervising staff to maintain 2m social distance. 	M	<ul style="list-style-type: none"> Review medication plans to assess PPE requirements (if any) for staff administering medication. 		L

4. Tick (✓) if any of the identified hazards relate to any of the following specific themes:

Hazardous Substance	Manual Handling	Display Screen Equip	Fire	Work Equip / Machinery	Stress	Individual Person such as Young Person New/ Expectant Mother or Service User
					✓	✓

If any are ticked a specific risk assessment form must be completed separately. For example a COSHH form must be completed if a hazardous substance is used.

5. Risk Rating

The risk rating is used to prioritise the action required. Deal with those hazards that are high risk first.

Risk Rating	Description	Action Priority
High	Where harm is certain or near certain to occur and/or major injury or ill-health could result	Urgent action
Medium	Where harm is possible to occur and/or serious injury could result e.g. off work for over 3 days	Medium priority
Low	Where harm is unlikely or seldom to occur and/or minor injury could result e.g. cuts, bruises, strain	No action or low priority action

6. Assessment

Signature of Assessor(s):**Print Name: Rachel Chandler/Emma Sandbach****Signature of Line Manager:****Print Name:****Date Assessed: 14th July 2020****Review Date: 03/09/20**

7. Communication and Review

This risk assessment should be communicated to all employees and relevant persons who may come into contact with the hazards being assessed. The assessment must be reviewed annually or following a significant change, accident or violent incident.

Risk assessment emailed to all staff on 17th July 2020

Updated risk assessment emailed to all staff/LAC 03/09/20

Principles for staff

- 1) Do not come to work if you have coronavirus (COVID-19) symptoms, or go home as soon as these develop (informing your manager), and access a test as soon as possible. You can do this by visiting the [NHS website to ask for a test](#) or calling the NHS on 119 if you do not have internet access.
- 2) Clean your hands more often than usual - with running water and soap and dry them thoroughly or use alcohol hand rub or sanitiser ensuring that all parts of the hands are covered.
- 3) Use the 'catch it, bin it, kill it' approach.
- 4) Avoid touching your mouth, nose and eyes.
- 5) Clean frequently touched surfaces often using standard products, such as detergents and bleach.
- 6) Think about ways to modify your teaching approach to keep a distance from children in your class as much as possible, particularly close face to face support (noting that it's understood that this is not possible at all times, which is why hygiene and hand cleaning is so important).
- 7) Consider avoiding calling pupils to the front of the class or going to their desk to check on their work if not necessary.
- 8) Help your class to follow the rules on hand cleaning, not touching their faces, 'catch it, bin it, kill it' etc. including by updating your classrooms displays with posters.
- 9) Prevent your class from sharing equipment and resources (like stationery).
- 10) Keep your classroom door and windows open if possible for air flow.
- 11) Limit the number of children from your class using the toilet at any one time.
- 12) Limit your contact with other staff members, and don't congregate in shared spaces, especially if they are small rooms.
