

# Tynsel Parkes CE Primary Academy

Welcome to Mrs. Chandler's news  
17th September 2021

## Clubs:

A text has now gone out to parents of children who will be taking part in clubs. A couple of the clubs were oversubscribed, we will ensure that children who have not had the opportunity to take part this time will be able to in the future.

## PE Kits:

Please can I remind you that children should be in the school PE on their PE days. If children are not wearing PE kit we will have to start ringing home for you to bring in the correct school kit.

## Data Forms:

Please remember to return the data forms to school. Even if you don't have any changes we still require the form to be returned. Please sign and date it and drop it through our letter box.

## School Photographs

Individual school photographs were taken this week, we are waiting for the proofs to come back from the company (this might take a couple of weeks) we will pass them to you.

Uttoxeter Food Bank The foodbank has been incredibly busy since the beginning of Covid in 2020. In the last couple of weeks they have received several new referrals and expect to see more. The Food bank wants to continue to be able to provide those that really need their support with a good quality food parcel and your help will be greatly appreciated. If you are able to support please contact the Food Bank at the Renew Church. Thank you. We will also be collecting items for the foodbank at our Harvest Festival later this term.

COVID Update: Since the beginning of term we have had a few positive cases of COVID within the school community. If your child has a new cough, loss of smell, high temperature please book a PCR test and wait for a result before returning to school. It would also be a good idea for families to carry out the twice weekly lateral flows, kits available from pharmacies or by ordering online, these are for people without symptoms. Thank you for supporting us in ensuring the school is as safe as possible for all at this time.

**HM Government** | **NHS Test and Trace**

## Covid-19 Testing

**With symptoms**  
'PCR' tests

**When to take the test**

- If you have Covid-19 symptoms
- To confirm your positive lateral flow test result

**How long it takes**

- These tests are processed in labs
- Up to 3 days, most results the next day

**Get a test**

- At home
- At a test site

**Without symptoms**  
'rapid lateral flow' tests

**When to take the test**

- If you do not have symptoms of Covid-19
- As part of routine testing twice a week

**How long it takes**

- Result processed by test device
- Around 30 minutes

**Get a test**

- At home
- At your secondary school
- At a test site
- At your university
- At work
- Collect from a pharmacy
- At your nursery
- Order online
