Covid-19 Resident Survey

People living in Staffordshire can share their views and experiences of the pandemic by completing Staffordshire County Council's Covid-19 residents' survey.

Last year Staffordshire County Council ran a survey about the impact that the pandemic was having on residents' lives. We would now like to understand how the pandemic continues to affect you, what has changed for you, and how you feel about the future.

Your views will be important in helping us to understand what's important to residents and where we should focus as we begin to return to normal.

The survey should take no more than 10 minutes to complete, click the link below.

Closes 30 November 2021
